

**COMMUNICATIONS SERVICES INCORPORATED****Corporate Capabilities**

CSI provides project teams and outsourced professional labor services to the telecommunications industry. Complementing the expertise of the founders, CSI selectively recruits and employs highly experienced and talented telecommunications experts, many of whom possess more than twenty-five years experience and superlative performance records in the telecommunications industry. Consequently, CSI has a current roster of over 20 employees. CSI has been a preferred subcontractor to Verizon under the three WITS contracts, dating back to 1998. CSI is a provider under the Enterprise Infrastructure Solutions contracts as well. CSI is also a sub to Premier Enterprise Solutions, LLC. CSI personnel provide project management services under contract with Lumen.

CSI has a twenty-four-year history providing service to the Federal Government as well as commercial clients through contracts we have with telecommunications providers/integrators. Much of the professional services we provide to our clients are on-site support at Federal agencies including, the Pentagon, Department of Health and Human Services, National Institutes of Health, Department of Justice, Department of the Navy at Carderock and Dahlgren, Federal Bureau of Investigation and the Drug Enforcement Agency.
